

DRY SKIN ROUTINE (Monthly Kit) - 5 Items

Skincare Routine: CTM Routine: Cleanser, Toner, Moisturizer Step into a world of natural skincare that uplifts your daily routine, ensuring your skin remains radiant and youthful. Welcome to the CTM ritual, the secret to healthy, glowing skin. **Step 1: Cleansing** Choose a cleanser that aligns with your skin's unique needs. For those seeking an infusion of natural nourishment, our **Coconutmilk Cleanser** is a match made in heaven. Crafted from the richness of coconut milk, it gently removes impurities while hydrating your skin. On the other hand, if you're aiming for that ultra-smooth touch, the **Bodypolisher** offers a deeper cleanse, rejuvenating your skin for a fresh start. Key Benefit: These cleansers help to maintain your skin's pH balance, preventing over-drying and ensuring a soft, supple finish. **Step 2: Exfoliate** While cleansing is daily, exfoliation should be a special tri-weekly affair. Our **Dates Seeds Scrub** is a unique blend designed for this very purpose. Rich in antioxidants, the scrub unclogs pores, rids the skin of dead cells, and reveals a brighter complexion. Remember, thrice a week is the golden number. Key Benefit: Regular exfoliation can stimulate collagen production, crucial for skin elasticity and youthful appearance. **Step 3: Tone** Set the tone for radiant skin with the Damask Pristine Rosemist. A pure blend of Damask rose extracts, this toner hydrates, balances, and readies your skin to absorb the moisturizer fully. A spritz of this, and you're enveloped in nature's luxury. Key Benefit: Toners can refine pores and restore your skin's natural pH, acting as a protective barrier against environmental stressors. **Step 4: Moisturize** Seal the deal with our nourishing **Day Cream Moisturizer**. Lightweight yet intensely hydrating, this moisturizer ensures your skin remains plump, fresh, and dewy all day long. It's the finishing touch to a ritual that celebrates your skin. Key Benefit: Regular moisturizing strengthens skin's natural barrier, reducing the chances of environmental damage. Elevate your skincare game with our CTM products, a tribute to nature's finest ingredients. Perfect for those who cherish a blend of luxury and natural care. Dive into this transformative experience, and let your skin do the talking. *For best results, always apply products on freshly cleansed skin, moving in upward strokes and gentle circular motions. Remember, beauty is a ritual, not a routine.
